SPECIAL SIZING REQUIREMENTS

If using a Safely Pilot Kit, please allow an additional **3"** on each side of the log set for a total of **6"** additional space.

If using a Remote Control System, please allow an additional **6"** on each side of the log set for a total of **12"** additional space.

This additional space may be required to center your gas log set in the fireplace.

For specifics, check with your Peterson Gas Log retailer. This document is also available at www.rhpeterson.com
